

The Governor's Energy Summit: The Future of Energy in New Jersey

**The Trenton War Memorial
Trenton, New Jersey**

December 11, 2002

Moderators

Bradley M. Campbell

Commissioner

New Jersey Department of Environmental Protection, (DEP)

Bradley M. Campbell is Commissioner of the New Jersey Department of Environmental Protection and a member of the Governor's Cabinet. Commissioner Campbell oversees the state's environmental laws and safeguards its natural resources. Previously, Mr. Campbell was appointed by President Bill Clinton to the U.S. Environmental Protection Agency as Regional Administrator for the Mid-Atlantic Region and served as Associate Director for the White House Council on Environmental Quality; Advisor to the U.S. Department of Justice for the Environmental and Natural Resources Division; and Visiting Professor at the University of North Carolina's Law School. Mr. Campbell is Chairman of the Board of Echo Hill Outdoor School Inc. and a board member of Directors of the Common Ground Community, Inc.

Susan Bass Levin

Commissioner

New Jersey State Department of Community Affairs (DCA)

Susan Bass Levin is Commissioner of the New Jersey State Department of Community Affairs and a member of the Governor's Cabinet. The DCA assists local governments with revitalization efforts; creating housing opportunities, ensuring building and fire safety, promoting development and empowering women and advocating for the Latino community. Previously, Ms. Levin served as mayor of Cherry Hill for 14 years. She was credited with revitalizing the infrastructure, parks and shopping centers, stabilizing aging neighborhoods, upgrading sewers, and keeping taxes down. Ms. Levin serves on the board of directors for Ceasefire New Jersey; The Women's Fund of New Jersey, New Jersey Alliance and is a member of the United States Holocaust Memorial Council.

Seema M. Singh
Public Advocate Designate and Ratepayer Advocate

Ms. Singh is a member of Governor James E. McGreevey's Cabinet and serves as Acting Director of the Division of the Ratepayer Advocate and Ratepayer Advocate. She is the most senior level Asian-Indian appointed to New Jersey State government. Previously Ms. Singh was an attorney at Pepper Hamilton in the Litigation and International Law Department; Associate with the law firms of Reed Smith and Fox, Rothschild, O'Brien & Frankel; President of the Asian Indian Chamber of Commerce; Founding Member of the Hindu International Council Against Defamation; and Vice President of the Rotary International Club of Plainsboro.

Caren S. Franzini
Executive Director
New Jersey Economic Development Authority (NJEDA)

Caren S. Franzini is Executive Director of the New Jersey Economic Development Authority, a self-supporting, independent state financing agency that serves New Jersey's business community. Since 1974, the NJEDA has provided more than \$15 billion to eligible businesses and not-for-profit groups and assists manufacturers, distributors, service providers, retailers and high-tech businesses. In 2001, under Ms. Franzini's direction, the NJEDA arranged approximately \$763.3 million in financing to support private investments in the state. Previously she was Assistant State Treasurer with the New Jersey Treasury Department and worked for the Port Authority of New York and New Jersey.

Scott A. Weiner
Senior Vice President
Sithe Energies

Scott A. Weiner is Senior Vice President of Market Structure and Regulatory Legislative Affairs at Sithe Energies, a company that develops, owns and operates wholesale electric power facilities. Previously, Mr. Weiner was President of Ballard Generation Systems, Vice President for Corporate Development at GPU Service Corporation; Chief Counsel to former New Jersey State Governor Jim Florio; Commissioner of the New Jersey Department of Environmental Protection and Energy (DEPE); and President of the New Jersey Board of Public Utilities (BPU). Mr. Weiner is a member of the Board of Directors of the Center for Sustainable Development in the Americas and Chairman of the Business Council for Sustainable Energy.
